

## Online only as of 2012

OBESITY FACTS publishes articles covering all aspects of obesity, in particular epidemiology, etiology and pathogenesis, treatment, and the prevention of adiposity. As obesity is related to many disease processes, the journal is also dedicated to all topics pertaining to comorbidity and covers psychological and sociocultural aspects as well as influences of nutrition and exercise on body weight. As of 2012 OBESITY FACTS will be published as an online-only journal. Thus new developments will be picked up even faster and the time between acceptance and publication of manuscripts will be reduced notably.

OBESITY FACTS is the official organ of the European Association for the Study of Obesity (EASO), the German Society for Adiposity (DAG) and an affiliated organ of the International Federation for the Surgery of Obesity and Metabolic Disorders – European Chapter (IFSO-EC)
